

## Dental Billing for Medicaid Managed Care Enrollees

Since January 1, 2014, there have been changes to how Medicaid members who are enrolled in a managed care plan receive their dental benefits. As a result, dental providers will need to change how they submit claims following the guidance below.

### **Step One: Verify the Member’s Medicaid Eligibility**

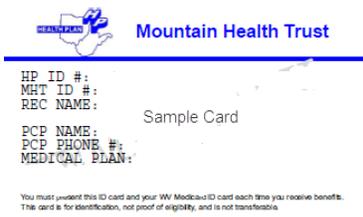

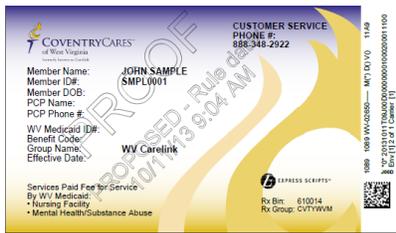

Medicaid members may receive their care through either the fee-for-service or managed care delivery system. If you are unsure which system they are enrolled in, you can:

- Call Molina Automated Voice Response System (AVRS): 1-888-483-0793
- Login to Molina’s provider web portal at [www.wvmmis.com](http://www.wvmmis.com)

### **Step Two: Verify the member’s managed care organization**

Currently, Medicaid managed care members can be enrolled in one of four managed care organizations (MCOs): CoventryCares, The Health Plan, UniCare, or West Virginia Family Health.

All Medicaid managed care enrollees should have a member ID card (in addition to their Medicaid card) that identifies their MCO. Photos of what the member ID cards look like for the different MCOs are below for reference.

If the member does not have their current ID card, you should verify MCO enrollment. To verify MCO enrollment you can use the information below:

### **Step Three: Determine where to send a claim**

The way you submit a claim will differ based on the enrollee's age and MCO, as shown below.
